“From the very beginning, Gary (Arthur) helped us solve all our problems. Our transition plan involved close to 200 people, including football players, coaches, and administrators. Moving a Hall of Fame Head Coach and 15 other coaches was something we were dreading. Gary was there from the very beginning and kept everything together for us. Gary’s attention to detail is second-to-none, and his passion for his job sets him apart.”

*Clint Dowdle, Chief of Staff &
Associate Athletic Director for Administration
K-State Athletics*

It is with much enthusiasm that I write a recommendation for Color Art Sports and its project manager, Gary Arthur. Our relationship with Color Art began in October of 2018 and we were extremely satisfied with the team's professionalism and performance throughout our project. Their knowledge and organization is outstanding. They made sure our FF&E was ordered and delivered, then coordinated installation with each company and general contractor. They took care of all the little items so that the owner's representative didn't have to worry. We were thrilled to move into our new \$96M football facility on time. It was a pleasure working with Color Art, and Gary Arthur. MU athletics appreciates all the work and dedication they put into our project to make it such a success.
